

KIND ATTENTION

CRITERIA FOR SERIOUSLY POLLUTING INDUSTRIES, DISCHARGING DIRECTLY / INDIRECTLY INTO RIVER YAMUNA

Ref: NGT order dated October 29, 2014

CPCB defines the Grossly Polluting Industries as follows :-

- GPs were identified as industries discharging effluents into a water course and
a) handling hazardous substances, or b) effluent having BOD load of 100 Kg per
day or more, or c) combination of (a) and (b).

Note : In the meeting held to prepare a report on status of industries, which chaired
by Member Secretary, CPCB decided that , the above said Grossly Polluting
Industries would be considered as Seriously Polluting Industries.
